Our People

GREAT BRITISH DESIGN

For over forty years, we at Roper Rhodes have strived for bathroom perfection. Our dedicated team has grown from just one man to a group of people obsessed with all the little details that go into making your dream bathroom.

At every step of the way the customer is at the forefront of our minds. Starting with our product designers, who are always in search of how they can improve the bathroom experience. Push-button showers and contactless flushing are just some of the innovations to come from our brilliant team of designers.

Once a product has been made, it finds itself within our impressive 200,000 Sq ft Distribution Centre on the outskirts of Bristol. Here we run a twenty-four-hour operation to guarantee you the best delivery and service we can.

We believe that beautiful bathrooms come from our people, who's inspiration and dedication have made Roper Rhodes what it is today.
